# About The Newark Artist Accelerator:

The 2023 Newark Artist Accelerator (NAA) is a project grant for Newark-based, multidisciplinary visual artists. This year's fund is made possible by the generous support of The Andy Warhol Foundation for the Visual Arts Regional Regranting Program.

Project-based grants will be awarded in the amounts of \$2,500, \$5,000, and \$7,500. Proposed projects must be artist-led and can include collaborative ventures, pop-up exhibitions, events, and interventions of an ephemeral nature that are radically accessible to public audiences. We are looking for investigative and authentic initiatives.

# Newark Artist Accelerator's History:

Beginning in 2021, in response to the impact of the Covid-19 pandemic on artists, their families, and their communities, the NAA Fund was initially established to provide emergency relief to artists in New Jersey.

The NAA Fund continues to provide immediate need, merit-based funding to artists' projects and collaborations annually and is committed to sustaining this grant program through ongoing funding from local foundations and donors.

The Newark Artist Accelerator Fund is powered by Project for Empty Space.

# Funding Levels:

**\$2,500** This is the smallest grant amount available, often intended for smaller-scale projects or initiatives. It might support projects with limited scope or shorter durations.

**\$5,000** This level provides a moderate amount of financial support, suitable for projects of moderate size and complexity. It is typically used for projects that require more resources than the lowest level but less than the highest.

**\$7,500** The highest funding level offers the most substantial financial support, usually for larger and more ambitious projects. These projects often have a broader scope, longer durations, and greater resource requirements.
